HAPPENINGS IN THE BASE BALL WORLD

SHARON TAKES BOTH GAMES

Marion Whitewashed in the First.

MALARKEY A PUZZLE

Burk Was Real Generous During Second.

Lime Burners Tie up the Game in the Seventh but are Nosed Out in the Twelfth.

HOW THE CLUBS STAND.

	W. L. Pct.
Newark	34 17 .667
Youngstown	32 18 .640
Akron	27 23 .540
Lancaster	26 24 .520
New Castle	23 29 .442
Marion	21 29 .420
Sharon	21 32 .396
Mansfield	17 29 .370

The Sharonites handed it to the Lime Burners in two games yesterday afternoon. In the first contest, Malarkey had the visitors at his mercy and kept their bingles so well scattered that they could not tally, while the home team made three runs.

The second game went twelve innings. The visitors noddled out two runs apparently clinching the contest. Burk's wildness and a timely two banger by Greene brought in three runs and won the contest.

The score:

STOLEN BASES.
And Sharon got even.

Talk about your discouraged fans.

Burk walked six of the Sharonites and hit four of them.

Marion outdid Sharon in the second game.

Drum, Quinn and Lucas were all in the second game.

Fox pitched his usual steady game allowing only five hits. The Lime Burners could not make the proper connection at the proper time.

Marion got two runs in the first half of the twelfth but a ballou ascension allowed Sharon to get three and win.

The Lime Burners are a game and a half ahead of Sharon and two games ahead of Mansfield. There had better be a brace or we will land in the only position we have not yet occupied this season.

All Wilcox is due to go on the rubber today. Wilhelm will pitch against Mansfield at that place tomorrow morning and Gus Fox will probably be the selection for the game tomorrow afternoon at We park.

Early Friday morning Marion will hike over to New Castle playing there Friday and Saturday.

On Sunday the team will return for a go with Lancaster.

It is expected that 3000 people will be present tomorrow afternoon at Webb park. A special train load of Mansfield rooters are coming over to see Marion cage the Tigers. Don't let the visitors outroot the home crowd.

The Lime Burners played fifty two innings, up to the close of the first game of yesterday's double header and in that time scored only one run. The one tally won a thirteen inning game here last week.

Failure to get a hit or two at the right time lost four games. Marion must make a run offener than every fifty innings or Mansfield will be pushed out of its coveted position.

Akron, O., June 3.—(Special.) "Doggie" Orth, one of the star back stops of the league last season, was sent to Steubenville today by Manager East in exchange for Pitcher Goodie, short stop Broderick and outfielder Kreuger.

Manager Jimmy Green is on a scout trip through the east for a couple of pitchers for the Lancaster staff. Jimmy put Captain George Fox in charge of the Lank squad at Newark Sunday evening, and departed for the east. He will look for men in the Eastern league. Two good pitchers yet and the Lanks will climb to the top, is the way James sizes up the situation, and the Lancaster club has given him the nod to bag a couple of twirlers.

Enthusiastic fans at New Castle raised \$1,000 with which to purchase new players.

"It don't look much as though the league is going to quit when we have just dedicated a \$20,000 park with close to 5,000 people at the game," says President Morton.

Youngstown is ripped. Besides Beatty's malady and Smith's bad whip, Jack Compton is also complaining of a lame wine.

Akron, 4; Newark, 1.
Akron, July 2.—"Buff" Elman put a crimp in Newark's winning streak today, letting Berryhill's crowd down with four hits. Selwartz's hitting was the feature, he making two singles and a double and nearly puncturing Havel

with a terrific drive on his other chance. Score:

Newark, 0 0 0 0 1 0 0 0 1 4 2
Akron, 0 2 0 0 1 0 0 1 4 0 1

Batteries—Elman and LaLonde; Stoup and Winters.

New Castle, 3; Lancaster, 0.
New Castle, Pa., July 2.—New Castle and Lancaster broke even here today in a double header.

Lancaster was white washed for 8 innings when the visitors landed on Limeric for four singles, a double and a triple in addition to a base on balls, 11 men batting. Score:

(First Game.) R H E
New Cas 2 0 0 0 1 0 0 0 3 0 1
Lancaster 0 0 0 0 0 0 0 0 0 2 0

Batteries—Hawks and Brigger; Johns and Fox.

Lancaster, 6; New Castle, 4.
(Second Game.) R H E
New Cas 0 0 0 0 0 0 0 0 6 6 1
New Cas 0 0 1 0 0 1 0 2 0 4 8 1

Batteries—Limeric and Brigger; Justus and Piper.

IDLE AT YOUNGSTOWN.
Youngstown, O., July 2.—Wet grounds prevented yesterday's game with Mansfield. Two games will be played Wednesday.

LINDEMANN RETURNS.
Bob Lindemann, the big first baseman of the Lime Burners, returned this morning from a trip throughout the Atlantic (outlaw) league, during which he endeavored to secure several players for the local team. It was expected that Joe Lewis and Longstreet, both pitchers, would accompany Lindemann, but those players have not yet received their June pay from their respective clubs and will not report until they receive it. Lindemann states that both men promised faithfully to come and that they should be here by the latter part of the week.

Lindemann will go over to Mansfield and get in the game tomorrow morning.

GOOD BYE UMP.
Akron, July 3.—(Special.)—Umpire Steinberg is slated for the can after tomorrow's games. His services have been far from satisfactory during the season and felicity have been registered against his work by every club in the league. His place will be taken by Bill Smith, an umpire who has worked in the P. O. M. league this season. Smith is an old ball player who has had considerable experience with the indicator, and should make good in this league. Unless one Arlie Latham brushes the dust out of his eyes, he will probably be the next O. P. judge of play to get a blue envelope.

Hogan's Rants, a local amateur club will go to Sequim park tomorrow to play two games with the Hexall club of Galien. On next Sunday the Rants will play at Shelby.

Y. M. C. A. 19; Forest Lawn, 2.
By a score of nineteen to two, the Y. M. C. A. team defeated the Forest Lawn club yesterday afternoon at Webb park. The points for the association were Berry, Mideley and Hinkel and for the Forest Lawn, Kelly, Shaw and Stafford.

NEBRASKA INDIANS
Will Play Agosta at Agosta Wednesday July 17.

Manager Green's team is positively the fastest thing that ever appeared in this vicinity and no club outside the league has any business whatever playing them with the intention of beating them. The Indians played clean and gentlemanly ball and not once did they dispute a decision of the umpire. The entire team continued their wild warwhoops until the game was over, keeping the crowd

in an uproar of laughter all the time.

—Canal Dover (Ohio) Daily Herald.

The Nebraska Indians will play the Agosta team at Agosta on Wednesday, July 17.

Arrangements were made for a baseball game and picnic at a regular meeting of the Board of Directors of the Tally Wag club last night. The married men of the club will play the single men next Wednesday afternoon at Webb park. Following the game a supper will be served at Schwing's dance pavilion, and the evening will be spent in dancing.

WAGS WILL PLAY.

SEA BATHING IN CUBA.
If You Are Tempted to Try It, Resist the Inclination.

If you should chance to visit Cuba, officially or otherwise, and should desire to go in sea bathing, remember the advice of the Englishman and—don't.

For sea bathing in Cuba, like the ways of the heathen Chinese, is peculiar. The natives probably go through it as a religious penance, as, considered in the light of a diversion, it is simply ghastly. Say you reside in Havana and, attracted by the beautiful tints of the tropic sea, you desire its intimate saline refreshment. You will notice, as you drive along the Malecon, immediately below that fine sea wall some curious masonry construction like the ruins of cells, over which the waves dash and disport themselves. These are, in fact, the remains of former baths used by the natives. You will further notice that there prevail along the Malecon drive odors not at all suggestive of Araby the Blest, and when you find upon closer investigation that the odors are not wholly removed from the fact that all the sewers of the city seem to empty into the sea just below the wall you acknowledge that this fine Malecon promenade has its drawbacks.

The banos, or baths, are out at Vedado, a suburb of Havana, and you are likely to enjoy the drive along by the coast some six miles. The fringes of Havana, as you leave the city proper, are shabby enough, but there's the sea to gladden the eyes, and you anticipate sporting in those bright blue waters with relief.

The first intimation you have of the baths is the apparition of a frame structure that looks like a grand stand. You enter this and purchase your ticket. Then the misery begins. After the usual preliminary process, similar to that prevalent in a watering place in the United States, you go forth, expecting to come upon a sandy beach. Instead, you tread painfully upon sharp rock, and the sight of the place where you are expected to bathe gives you the horrors. It is a cell cut in the rock, with an opening to the sea, through which the water swishes and regurgitates with the advancing and retreating waves. This cell, if you have nerve enough, you descend into by means of steps, taking care not to slip, for the rock is like soap suds to the action of the seaweed. The bottom of the cell is formed of the rough rock, while sharp flints are plentifully strewn about. Your feet are soon lacerated and bleeding.

Suddenly you feel something nip your leg like a pair of powerful tweezers. You put your hand to the afflicted part and find that it is a crab that has

laid hold of you. You glance about in hopeless desperation and see that other crabs are coming forth, with laudable politeness, to welcome you to this aquatic bower of bliss. "What in thunder," you think, "is the idea in walling you up in this fashion? Is it a survival of Spanish cruelty?" Then, as your gaze wanders out to sea, you see a long grayish black body shoot swiftly past. The explanation of the walling in part of the transaction is explained by that long, swiftly moving body, for this coast is infested by man eating sharks, and bathing without the precaution of a wall in front of you, with an opening in it just large enough to fill the cell with water, would be likely to prove more gratifying to some hungry shark than to you. You have paid \$2, Spanish money, for this delightful experience, but then you can enjoy it just as long as you please.—Washington Post.

HE REVISED IT.
Young Author Was Anxious to Comply With the Editor's Request.

"Your story possesses merit," wrote the kindly magazine editor in returning a manuscript to a struggling young author of Washington, "but you have embellished it with too much description, atmosphere and other irrelevant matter. What we want is a story setting out the simple facts—facts, just plain facts. If you will revise your story according to our ideas, we will be glad to pay you \$25 for it."

A few days later the editor got the following from the struggling young author of Washington:

"Herewith revised story. Please send check by return mail, as I need the money."

"Jonas loved Eliza, but he was poor, and wealthy papa kicked. Jonas went into Wall street and made a million. Incidentally bankrupting papa. Then Eliza went fishing, fell off a log into the mill pond, and Jonas fished her out. Papa relented and borrowed a hundred thousand from Jonas. Marriage."—Washington Post.

Explosion of Gasoline.
A gasoline tank rarely explodes. It cannot unless it contains gasoline vapor and air in explosive proportions, which latter condition is almost never present.

It does not explode because it contains too little air or too much gasoline. Even if a tank of gasoline were to burst from heat applied to its exterior the confined heavy gas would not explode if in contact with flame or fire, but would burn instead.

True, a tank of gasoline with no vent could do considerable damage were it to burst and throw burning oil and flaming gas about, but 1,000 gallons of gasoline in a vessel's bilges would not be so dangerous from explosion as a hundredth of that amount. The larger quantity would burn rapidly, while the smaller would be sufficient, if mixed with the proper amount of air, to utterly demolish almost any boat—Scientific American.

Aldrich's Birthplace.
The quaint old town by the sea called Portsmouth is the only seacoast town in New Hampshire and is one of our very oldest settlements, for it was founded in the year 1623, and it has a history worth knowing. It was an old town when Thomas Bailey Aldrich was born in one of its quaint and ancient houses on the 11th of November in the
